Description

The PHX Raptor Edition motocross helmet is the next level of advanced open-face helmet systems.

Aerodynamic structure with cervical fatigue reduction and base trim profile operates seamlessly with cervical protectors and other safety gear.

Full-range peripheral vision and innovative anti-sliding ridged goggle channels.

Certifications for PHX helmets meet or exceed all DOT (FMVSS 218) safety standards in the USA and Canada.

PHX exclusive 10-point Rapid Air ventilation system provides maximum air transfer with built-in dust filtering and moisture reduction.

Advanced high-density cellular EPS structure, treated aluminum hardware and moisture/heat resistant adhesives yield a performance blend of durability, lightweight construction and weight distribution.

Among the lightest helmets in its class. For competition or recreational use.

Flexible and fully adjustable 3-point sun visor with slide-n'-lock feature.

Ultra-soft interior padding jaw liners. Highly durable, snap-removable and machine washable.

Adjustable interior padding is engineered to minimize shift during riding, ensuring a comfortable and secure fit for all riders. Reinforced multi-fabric neck roll provides additional support and improved weather seal for maximum comfort and noise reduction under any conditions.

Flexi-cushion chin strap with heavy-duty snap buckle to ensure maximum comfort, ventilation and uncompromising safety.
